EMLYN HUGHES
ARCADE QUIZ

There's fun for all the family in this quiz designed specially for the home computer. It's so addictive that the hardest question is "How do I stop playing"? As you play you travel along a zig-zag pathway answering questions as you go. There are coins* to pick up and fruit to collect, and to add to the fun there are special squares like *kickers* which send you flying off in the wrong direction, or *blockers* which get in your way.

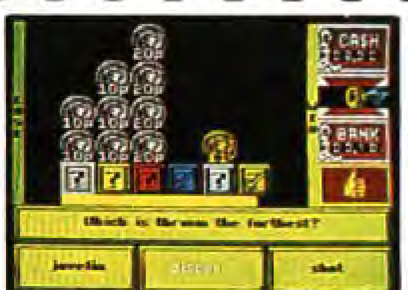

Every few seconds the track moves to the left, taking you away from the WIN bar and closer to the LOSE bar. Every second counts in this all-action game! With over two thousand questions** split between *Pop & Rock, Sport, Entertainment, Arts & Literature, People & places,* and *Trivia* your're guaranteed endless enjoyment. And who knows, you might even learn something!
